INFORMATION/PRODUCTION GUIDELINES:

This section provides information and standard requirements during production activity and serves as a guide for all companies desiring to obtain a commercial film production permit in Thunderbolt. The Town assumes no liability arising or resulting from the determinations of respective minimum staffing levels or the requirements for any production. The Town of Thunderbolt reserves the right to require additional Town services and/or monetary deposits that may not be noted, but determined necessary. Production activity taking place in Thunderbolt, inclusive of filming, parking, set dressing, load-in and load-out within Town limits require a production permit or shall be cited as a violation for the production company.

The Town Administrator or Mayor and Town Council reserve the right to restrict production activity based on the anticipated impact to the community and demand on resources.

Production Scouting

Once the Town of Thunderbolt is on the list of locations for production, the Town shall be contacted in order to discuss Town policies, ordinances and parking regulations.

Process of Application Consideration

1. All town department heads affected by said activity must review and confirm acceptance of the application prior to the application being approved by the Town Administrator or the Mayor and Town Council.
2. A commercial film production permit may be withheld when the department heads of Town departments, in good faith, believe that the proposed activities will endanger the public health, safety, welfare, and / or damage property.
3. After reviewing the comments of all affected departments of the city, based on the specifics of the production activities, approval or rejection to proceed with the application process will be granted.
4. Requests for filming on holidays are reviewed on a case-by-case basis. Locations for production activity are reserved on a first-come, first-serve basis, regardless of the size or scope of the production.

Consideration of Application

1. In order for the application review process to be completed, the production representative will first meet with the Town Administrator and applicable Town department personnel to review the application so that all concerns and details are addressed and agreed upon. Following these meetings, the application will be submitted for Mayor and Town Council or Town Administrator consideration.
2. The Town Administrator may at her / his discretion approve production activity as outlined on page 1 of this application.
3. The Town Administrator, in consultation with directors of affected departments, may also impose any necessary restrictions or conditions to be observed in accordance with public safety, environmental and administrative considerations involved in the application.

Facility Reservation Office

1. Approval of reservation applications for use of Town owned facilities are required through the Town Administrator and Department Head of the facility being requested.
2. The production representative granted a permit shall comply with all applicable laws, ordinances and policies pertaining to approved facility application.
3. The production representative granted a permit shall be responsible for its contractors and subcontractors adhering to all applicable laws, ordinances, and policies pertaining to approved facility applications.

Fire Department

1. In the interest of public safety, the Town of Thunderbolt Fire Department must review and approve aspects of the production activity that may include, but not limited to, fireworks or pyrotechnics, emergency vehicle access, and use of open flame in accordance with city ordinances and all permit requirements. The Fire Chief will determine whether or not department personnel are needed and the production company shall pay directly for said services.
2. The Fire Chief must approve requested participation by the Fire Department directly.
3. Water activities and/or stunts will require the presence of Fire Department personnel.
4. The production company shall be solely responsible for coordinating with the Fire Chief, the hiring and compensating of necessary personnel in association with the use Fire Department personnel.
5. Fees will be assessed and invoiced for use of department vehicles in association with production activity.

Parking

All production vehicles must park in legally designated parking spaces and/or lots. Vehicles parked in unauthorized areas (i.e. handicapped spaces, loading zones, fire lanes, lanes of traffic, unlicensed lots, residential zones, right-of-ways etc.) without official authorization will be fined and/or removed.

1. The production company shall effectively demonstrate that they have maximized the use of private commercial parking prior to requesting use of public parking.
2. In most cases, the Town may provide public parking spaces only for essential unit vehicles.
3. The production company may be required to use a remote parking location and arrange for suitable shuttle service for locations where off-street parking is not available (i.e. residential locations). At all times parking shall be organized to minimize the disruption to the area.
4. Request for use of parking lots or spaces must be submitted in detail for approval with the application.

5. Requests for production vehicles parking shall be included in the application request for consideration.
6. Requests for public parking spaces that have a direct impact on a business or resident(s) may be required to be accompanied by a notification letter confirming communication with the affected business/property owner/manager prior to the request for parking being approved.

Street Closures

If roads are to be blocked or traffic disrupted in any manner, the production representative must directly coordinate with the Town Administrator and the Thunderbolt Police Department during regular business hours.

1. Public streets shall not be closed unless:
 - a. Adequate alternate routes are available,
 - b. Adequate access to adjacent businesses is assured,
 - c. Transit can be maintained on the portion of the street to be closed, or can be maintained on adjacent streets.
 - d. When traffic cannot be effectively diverted onto other streets, traffic shall be stopped only intermittently and for no longer than five (5) continuous minutes during each fifteen (15) minute period.
 - e. Occupants of properties within a street closure or within any area a film company is filming are to be informed of the activity by the production company. In a residential area, residents in any block where filming is occurring or which is occupied by production vehicles shall be advised of the proposed activity.
 - f. Adequate access to the area shall remain open at all times for emergency service personnel and emergency vehicles to ensure safety.

Police Department

1. Any person or organization shall comply with security and safety guidelines set by the Thunderbolt Police Department.
2. The Chief of Police must approve requested participation by the Police Department directly.
3. Traffic Control:
 - a. All productions that require any amount of pedestrian and / or vehicle traffic control must include detailed information within the application for consideration. The off-duty officer in accordance with the permit shall directly coordinate all traffic interruption on-site.
4. The production company shall be solely responsible for coordinating, with the Chief of Police, the hiring and compensating of necessary personnel in association with activity.
5. Fees will be assessed and invoiced for use of department vehicles in association with production activity.

Public Works Department

1. The site of the production activity must be restored to its original condition.
2. Please note that any production that is found illegally dumping debris/trash will be fined. In addition, any production leaving debris/trash behind at any production location will be billed for the time, labor and equipment used by the Public Works Department to clean up the area.
3. Upon completion of work, all materials and debris shall be entirely removed and the right-of-way left in a condition satisfactory to the Director of Public Works. Any costs for cleanup by the Town will be charged to the permit holder.
4. It is the responsibility of the production company to provide adequate toilet facilities during activity as appropriate. Location(s) of said stations shall be indicated on provided site plan.
5. Electrical needs are the sole responsibility of the production company. Generators shall not run after 10 pm, nor disrupt the peace and quiet in non-commercial areas.
6. The production company shall be solely responsible for coordinating, with the Director of Public Works, the hiring and compensating of necessary personnel in association with activity.
7. Fees will be assessed and invoiced for requested services/equipment and use of department vehicles in association with production activity.

Additional Agencies

1. Georgia Department of Natural Resources:
An issued Letter of Permission (LOP) from Georgia Department of Natural Resources is required for any activity within the Water Protection Jurisdictional Area, fifteen (15) business days prior to activity. The production is subject to cancellation if the LOP is not received by the Town prior to the noted deadline. Requests may be submitted at <http://coastalgadnr.org/sendemail>.
In the case of duplicate permits (i.e. application approval from the city and/or an issued LOP), the more restrictive provisions of any permit will control.
The Town will notify DNR Enforcement when activity taking place conflicts with the issued LOP.
